

# Manufacturing Drawings Supply and Price List

## **Supply of Manufacturing Drawings.**

De Havilland Support can provide copies of manufacturing drawings to assist in the maintenance or restoration of existing aircraft. It is a requirement of our Terms and Conditions of Business that orders are confirmed in writing. In confirming your order for drawings, you are accepting our Terms and Conditions of Business, in particular that element which deals with the supply of drawings. (A complete copy of the Terms can be supplied on request and is also available on our website.)

The costs of drawings are shown in the table below.

If required, there will be a Research Fee for establishing your requirements, and you will be advised if this is necessary

## **Drawings**

Most de Havilland drawings are available for sale as reproductions from microfilmed aperture cards. Image quality is variable but every effort is made to improve the printed output by using the latest digital scanning hardware and software. Drawings are printed from A4 size up to A0, depending on the content and complexity.

The scale of charges for drawings is as follows:

Size of Drawing	Price
A4	£5
A3	£10
A2	£15
A1	£17.50
A0	£20
Research Fee	£45

Note: For orders from the EU, VAT at the applicable rate (currently 17.5%) is payable on all orders for drawings and any research fee, except where a VAT registration number can be quoted by the customer. The price of drawings includes surface postage; air mail delivery is available at cost .

## **Ordering Procedure**

Drawings should be ordered by quoting the drawing number or component part number. In the first instance, orders should be submitted to de Havilland Support Ltd by letter, FAX or e-mail so that we can ascertain drawing availability and advise the costs, including any air mail surcharge.
